## REPORT OF THE CHIEF OF POLICE.

---

PHILADELPHIA, *Jan. 1, 1874.*

Hon. WM. S. STOKLEY,

Mayor of Philadelphia.

SIR:—In the performance of my prescribed duty, I have the honor to submit my Annual Report for the year ending December 31, 1873.

Appended will be found a statement of the arrests made during the year, setting forth the crime, nativity, color, and other information touching the prisoners committed to await trial, or held to bail.

Since my last report, the investigation of charges against police officers has been made before myself. Charges have been brought against two hundred and thirty-eight officers, and the evidence in each case submitted for your decision.

The officers and patrolmen are held to a strict performance of duty, and where breaches thereof occur, prompt attention is given to correct it, and in some instances the punishment inflicted has been severe, but still, not marked with more rigor than the nature of the offences warranted.

I take pleasure in commending the members of the force for their uniform courtesy, and the promptness they have always displayed in the execution of orders. For the excellent state of discipline in the several districts, the officers are entitled to much credit.

Your obedient servant,

KENNARD H. JONES,

*Chief of Police.*
